

The HealthWay logo features a stylized blue icon of three horizontal lines to the left of the brand name "HealthWay" in a grey, sans-serif font. The background of the entire page is a photograph of a bathroom with white subway tiles, a window with a white frame, and a white bathtub. In the foreground, a clear glass vase holds several white calla lilies with green stems.

HW 10600-9 DFS Tabletop Air Purification System

The HealthWay 10600-09 DFS Air Purifier is designed for home or small office use. It uses the same advanced, patented technology that makes HealthWay the world leader in indoor air quality. The simple, stylish design compliments any bedroom or small living space decor.

FEATURES

Particle efficiency - 99.99% @ 0.007 micron

5-stage VOC adsorption filter for heavy removal of harmful gases and odors

Patented DFS technology efficiently removes up to 99% of airborne mold, bacteria and viruses passing through the system.

Each machine is independently tested and certified to guarantee better than HEPA efficiency

SPECIFICATIONS

Dimensions (inches)	13w x 8.75d x 20h		
Weight	17lbs (8kg)		
	high	med	low
Power Consumption (Watts)	65	40	35
CFM (Cubic Feet/Minute)	100	60	35
Operation Noise (dB)	60	50	40

Substantial reduction in airborne microorganisms, chemicals, offensive gases odors and smoke.

Less dust and dander, pollen, dust mite waste, bacteria, mold, fungi and virus protection

Slim, compact, ultra slim design

Easy to maintain

A clean and fresh smelling environment

The revolutionary DFS technology reduces bioburden and inhibits microorganism growth passing into the system through Microbiostasis condition.

Our technology is effective at capturing 40x smaller size ultrafine particles than HEPA, efficiently removing 99.99% of particulates @ 0.007 micron. Making HealthWay the most efficient air purifier available.
